Indian Institute of Science, Bangalore - the premier research institute in the country - is hosting the Second Edition of Science and Technology Run on 11th April, 2010 in and around its campus. Last year’s Run saw participation of more than 1500 enthusiasts in the event.

SNTRUN was hosted last year on the occasion of the centenary year of the Institute. This year SNTRUN is aimed to promote the spirit of science and technology in the ‘Silicon Valley’ of India.

SNTRUN 2010 will consist of following categories of events:
1. SNTRUN – 10 kms
2. Corporate Relay – 5x1.5 kms
3. Fun Run – 5 kms
4. Walkathon – 1.5 kms in and around the IISc campus.

The estimated participation in this year’s Run is more than 2500 participants, which will include the vibrant community of students and technology professionals from Bangalore.

We invite you to be associated with this grand get-together of an energetic community.
